**Student Handbook Verification**

Doctoral students in the Department of Counseling Psychology are expected to familiarize themselves with the contents of their program handbook and to ask their advisors and/or other program faculty about any issues that are unclear to them.

This form is used to provide verification to the program that our students have:

- (a) received the appropriate student handbook,
- (b) familiarized themselves with it and with the program and policies it covers, and
- (c) been advised and encouraged to consult with their advisors and/or other program faculty for clarification on program policies and related issues.

This form must be signed and returned to the program coordinator or director of training within the first 6 weeks of students' first Fall enrollment in the program.
